

Important Housing/M Meal Policy

UNO Housing Conditions and Amenities

UNO is unique in that most on-campus housing facilities on Dodge and Scott campuses are apartment- or suite style. This means that every resident has their own room in an apartment or suite of no more than four people. Most apartments have two bathrooms, so nearly all residents share bathroom space with only one other person. Most apartments have a full kitchen. This setup limits the amount of shared spaces and surfaces each resident interacts with on a regular basis.

UNO Housing Roommate Policy

There is no assigned residence hall for international students/inbound exchange students only. All the domestic and international students, male and female residents, may live in the same residence hall. Please refer to [Roommate Resources | Student Life | University of Nebraska Omaha \(unomaha.edu\)](#) for more information.
