Eastern Glass and Aluminum is one of the largest and most respected building envelope contractors in the United States. Founded in 1998, we have executed more than 1,000 projects throughout United States.

Eastern Corporation specializes in building envelope design, interior design, custom fabrication, and project management.

We are a construction company that primarily deals with Commercial, Educational, and Governmental Roofing and Metal wall contracts. We have a long history of excellence completing over 500 projects in 15 states. We are recognized as TOP 10 roofing contractors in the US and is one of the premier contractors in the Southeast.
